(i) It is necessary and proper and in the best interest of The Port to, and The Port shall acquire a ground leasehold interest in and to the Project Site as provided and authorized herein and pursuant to the authority of the Act and the Ground Lease, for the purpose of acquiring, constructing, improving, and equipping the Project for lease to the Lessee.

(ii) The Project constitutes a "port authority facility" as defined in the Act and is consistent with the purposes of the Act; and the construction, equipment, installation and otherwise improvement of the Project is consistent with purposes of Sections 13 and 16 of Article VIII, Ohio Constitution.

(iii) The Project is in furtherance of The Port's authorized purposes, including without limitation, the creation or retention of jobs and employment opportunities and otherwise supporting housing and economic development in the County, and will benefit the people of the State and The Port.

(iv) It is necessary and proper and in the best interest of The Port to, and The Port shall, enter into the Ground Lease, the Lease and the other Project Documents as herein provided.

Section 3. Ground Leasehold Interest in the Project Site. The Port Authority is hereby authorized and directed to acquire a ground leasehold interest in and to the Project Site pursuant to the Ground Lease, subject only to those encumbrances which shall not interfere with the use of the Project Site and the Project for "authorized purposes," as such term is defined in the Act. It is hereby determined by this Board to enter into the Ground Lease with the Ground Lessor in substantially the form now on file with the Secretary, but with such completions, revisions and modifications as are necessary to conform to this resolution. The form of the Ground Lease is hereby approved with such changes therein as are not inconsistent with this resolution and not substantially adverse to The Port and which are approved by the Authorized Officer executing that documents. It is hereby determined by the Board that the construction of the Project and of any improvements in connection with it has been and shall continue to be undertaken by The Port in the manner provided in the Construction Manager At-Risk Agreement. Based on information furnished to it, this Board has determined that the manner in which the Construction Agreements for acquisition, construction, equipping, installation and improving of the Project should be made is to negotiate the terms of the Construction Agreements, and this Board

hereby finds and determines that such negotiation best carries out the public purpose to be fulfilled by the Project.

Section 5. Lease of the Project Site and Project. Upon acquisition of the Project Site, it is hereby determined by this Board to enter into the Lease with the Lessee in substantially the form now on file with the Secretary, but with such completions, revisions and modifications as are necessary to conform to this resolution. The forms of the Development Agreement and the Construction Manager At-Risk Agreement are hereby approved with such changes therein as are not inconsistent with this resolution and not substantially adverse to The Port and which are approved by the Authorized Officer executing those documents. The approval of such changes, and that such changes are not substantially adverse to The Port, shall be conclusively evidenced by the execution of those documents by that officer.

Section 7. Other Documents. Each Authorized Officer is authorized and directed to execute the other Project Documents and any certifications, agreements, assignments, amendments, supplements and other instruments and documents to take such further actions, as are necessary or appropriate to provide for the lease of the Project and Project Site and the construction of the Project and to consummate the transactions contemplated in this resolution, and the Lease. All actions heretofore taken by the officers and officials of The Port and of this Board in connection with the Lease are hereby adopted, ratified and approved.
